

DSC 640: Final

Martin Hoehler

8/10/25

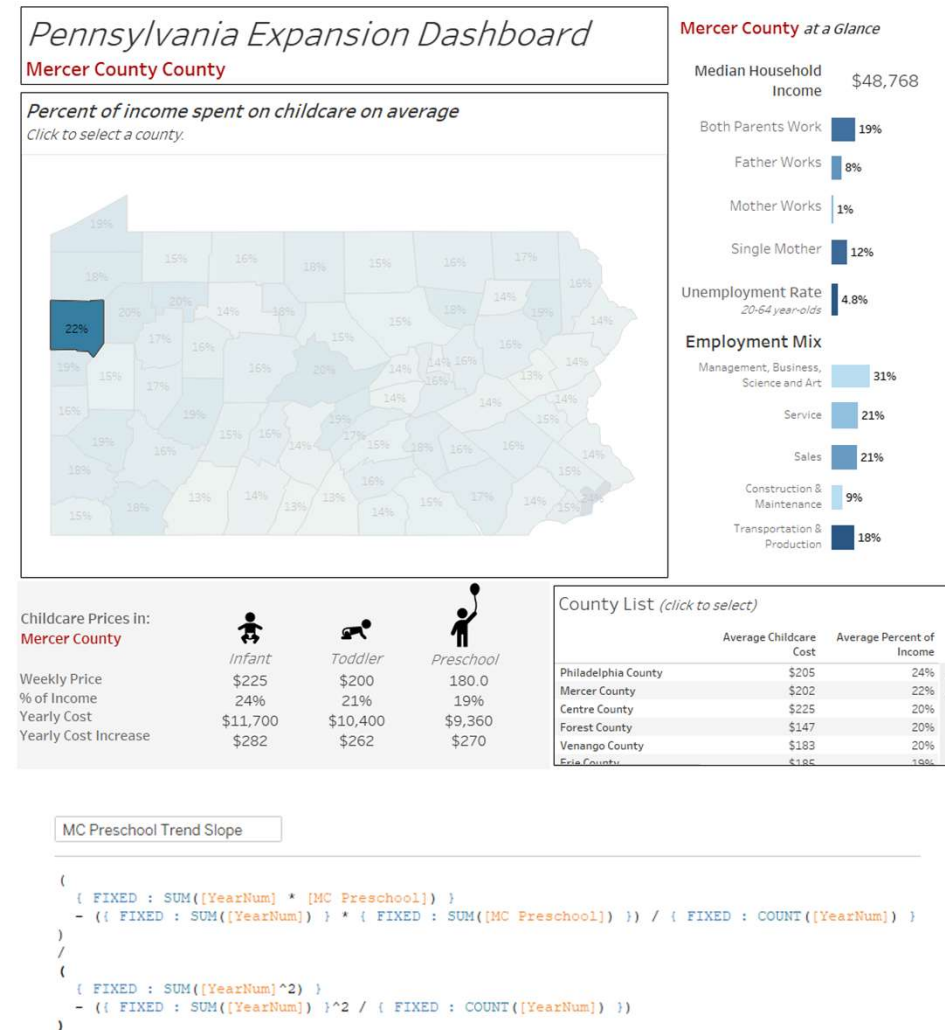

-
- Medium 1: Executive Dashboard
 - Medium 2: PowerPoint Presentation
 - Medium 3: Employee Promotional Poster

First Medium: Dashboard

- *A clickable Tableau dashboard that allows executive board to browse through childcare costs and income ratios by county*

Dashboard Design Choices

- Interactivity: User can select the county from either the map or the list to filter the dashboard.
- Selected county shows in red to reinforce the choice they make.
- Used Fixed Calculations for linear trend in prices to calculate the average yearly cost increase by county.
- Based on Milestone 3 recommendations, added a “County at a Glance” section on the right.

Dashboard Example

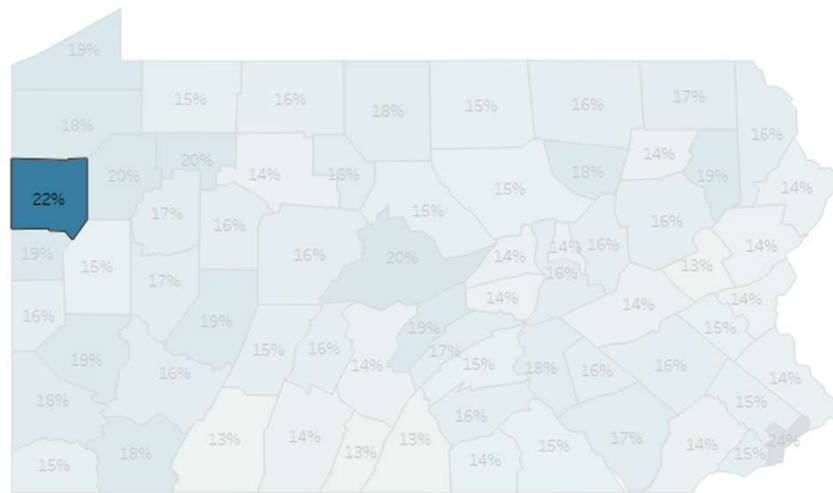

- Mercer County Selected

Pennsylvania Expansion Dashboard

Mercer County County

Percent of income spent on childcare on average

Click to select a county.

Mercer County at a Glance

County List (click to select)

	Average Childcare Cost	Average Percent of Income
Philadelphia County	\$205	24%
Mercer County	\$202	22%
Centre County	\$225	20%
Forest County	\$147	20%
Venango County	\$183	20%
Erie County	\$185	19%

Second Medium: PowerPoint Presentation

- *A PowerPoint presentation to directly propose the expansion strategy into Pennsylvania.*

PowerPoint Design Choices

- Using Tableau Sets to call out the Target Counties
- Red against the gray gives a quick visual contrast
- Using the same infographics for 'infant', 'toddler' and 'preschool' as dashboard for consistency

The Pennsylvania Expansion Project

The three best counties for our entry into Pennsylvania

Our Target

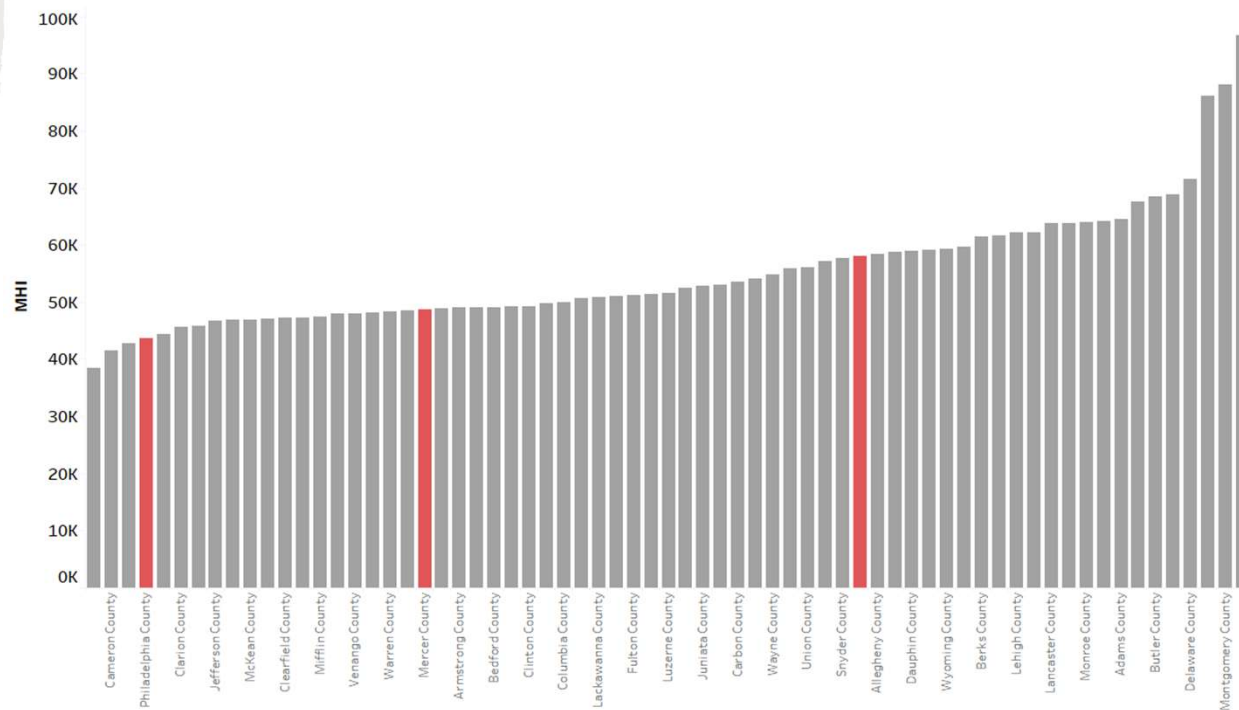

- We're selecting three counties that have high costs compared to incomes.
- They're also higher for overall costs in the state.

Average Childcare Cost vs Average Percent of Income Spent

Median Household Income (MHI) by County

- Our three selected counties have median household incomes under \$59K
- This aligns with our company's goal to help lower income communities.

	Infant		Toddler		Preschool	
	Median Cost	Our Price	Median Cost	Our Price	Median Cost	Our Price
Philadelphia	\$ 230.00	\$ 205.00	\$ 200.00	\$ 190.00	\$ 185.00	\$ 165.00
Mercer	\$ 225.00	\$ 200.00	\$ 200.00	\$ 180.00	\$ 180.00	\$ 162.00
Centre	\$ 245.00	\$ 220.00	\$ 229.00	\$ 205.00	\$ 202.50	\$ 180.00

Suggested Prices

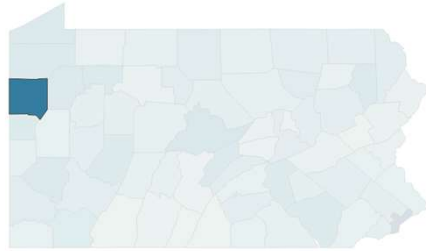

- We can offer prices at about 10% below the median cost and easily be within our expenses.

Next Steps

- Employee outreach for referrals/transfer opportunities
- Location analysis
- Outreach to county chamber of commerce

County Information

Third Medium: Employee Promotional Poster

- *A promotional poster targeted to current employees announcing the expansion and seeking volunteers for possible transfers and referrals.*

Employee Poster Design Choices

- Based on feedback from Milestone 2, I'm adding more data visualizations
- Building to a poster size that can be hung in the office
- Choosing simple breakdowns to quickly show the need and the potential value we can bring.
